ABSTRACT

This thesis is the result of research that discusses the theological analysis of the responsibility of godparents for godchildren in the GMIH Imanuel Akelamo congregation. This research aims to understand and analyze the responsibilities of godparents. The research method used is a qualitative research method with a descriptive approach.

Data was collected through documentation, observation and interview techniques. After conducting research, from the results of data analysis, it was found that the godparents have not fully carried out their responsibilities to the godchildren, so it is necessary to evaluate and improve the role of godparents.

From the findings, the researcher recommends that the church pay more seriously to and nurture baptismal parents, as well as for baptismal parents to better understand the responsibilities of baptismal parents.

Keywords: Godparents, responsibility, baptism.
